News Highlights & In the Spotlight (page 3)

News stories are supposed to cover the 5W's & H—the Who, What, Why, Where, When and How of the story. But certain facts may play a more important role than others. Pick one of the News Highlights stories to read, and figure out the most important fact to tell whether it's a Who, What, Why, Where, When or How story.

Headline of News Highlights story:

I think this is a _____ story.

In the Spotlight covers a small and very old meteorite that slammed through a house in Georgia. Scientists from ASU and the University of Georgia are studying this space fragment. What more would you like to learn about this meteorite or meteorites in general?
